

WTTE

Women Transitioning to Trades and Employment

Are you a woman or gender non-binary person who is interested in the construction sector trades?

- Potential candidates for entry to post-sec and pre-apprenticeship programs, leading to trades and construction jobs
- Reference group of tradeswomen, program graduates and others to act as mentors, guest speakers, and resources to participants
- A five-week Trades and Career Planning (TCP) skills training workshop series that includes 5 Ministry of Labour approved certification
- Job development and job search support and resources
- Academic Upgrading, drivers training, and individual advising and support

Come to an information session to learn more about our trades preparation and career exploration program! All sessions take place at 200 King Street East.

If you require ASL interpretation, please contact us via email prior to the session you want to attend.

To RSVP or for more information, please contact:
